## **AOB:**

After refreshments an informal discussion took place. The main subjects covered included:

- How much email traffic should we pass on to members?
- Should we leave it to members to find race information in Runner's World?

It was felt it was OK to forward information on club members doing charity fund raising. An email notice board on the club website could provide information.

*Club Facebook Site:* Dene could set up but such a site would need careful monitoring. The committee will investigate viability.

*Clubhouse:* Desirable but where and how?

Should we cater for work-based teams in our Half-Marathon?

Meeting closed at 9.55pm.
